

FACILITY

Facial Designs Permanent Cosmetics, LLC is located in the center of Osage Beach, in a freestanding building, main level facility. It is a private facility with reception/waiting area, procedure room, training room and administration office, storage rooms, private restroom and small kitchen facility. Parking is located to the side of the facility, or in the back of the building a larger parking lot is available.

There are many restaurants nearby for convenience of student's lunch hour, and many motels conveniently close for overnight lodging.

Facial Designs Permanent Cosmetics, LLC uses equipment owned for all student training purposes, and all procedure supplies are provided to student during the on-site training course. Students are trained in the use of coil machines for permanent cosmetic tattooing, and they are provided with tattoo equipment and starter package of pigments and tattoo supplies in their training kit that is included in the tuition cost.

Photos of facility attached.
